Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The use of natural progesterone cream (compounded prescription)
has made a huge and wonderful difference in my life. If these
medications are restricted and I cannot obtain them, my life as
a functioning, productive person will suffer, my health will
suffer, and my family will suffer. Please do not restrict
these medically necessary compounded medications.
